<sup>1</sup> Classified according to the *Standard Industrial Classification Manual, 1987*.

<sup>2</sup> Includes fatalities to workers employed by governmental organizations regardless of industry.

NOTE: Totals for major categories may include subcategories not shown separately. Percentages may not add to totals because of rounding.

There were 31 fatalities for which there was insufficient information to determine a specific industry classification, though a distinction between

private and government was made for each.

Dashes indicate no data reported or data that do not meet publication criteria.

n.e.c. means "not elsewhere classified."
