

Data on the employment status of veterans

Beginning with the release of the January 2010 data on February 5, 2010, information on the employment status of persons 18 years and over by veteran status, period of service, and sex is included as part of the Employment Situation news release in table A-5 online at <http://www.bls.gov/news.release/empstat.t05.htm>. Data on veterans have been collected in the CPS previously, but now are being added to this news release.

Monthly data on veterans are available online:
