2004		12,215	32.6	33,110	8,386	25.3
2005	37,055	12,210	33.0	33,304	0,324	20.0

 $^{1}\,$ Includes families in which husband had no earnings from work.

 $^{\rm 2}\,$ Excludes families in which husband had no earnings from work.

NOTE: These data, collected in the Annual Social and Economic Supplement, reflect the earnings and work

experience of the entire year. Data for 2004 were revised to reflect corrections to survey sample weights.
