

Many outdoor occupations are related to landscaping, agriculture, utilities, and logging.

FIGURE 2

- The 19 outdoor occupations listed made up 1.1 percent of total U.S. employment.
- Ten of these 19 occupations earned below the mean hourly U.S. wage of \$19.56.
- Most of the outdoor occupations that pay above-average wages are science-related and include forestry and conservation occupations, hydrologists, soil and plant scientists, wildlife biologists, landscape architects, and atmospheric and space scientists.

Wages and employment of selected outdoor occupations, May 2007
