¹ The data for 2010 are based on the 2007 version of the North American Industry Classification System (NAICS 2007). The data for 2011 are based on the 2012 version of that system (NAICS 2012). Due to differences in the NAICS versions, some industries coded to NAICS 2012 cannot be compared directly to data coded to NAICS 2007. See www.bls.gov/cew/naics2012.htm as well as the footnotes on specific industries for more details.

² The scope of economic activity for this NAICS 2012 coded industry includes only a portion of the scope of activity of an industry coded under the NAICS 2007 system. As a result, an exact comparison derived solely from NAICS coded data would not be valid.

³ The scope of economic activity for this NAICS 2012 coded industry includes, and matches exactly, the scope of activity for two or more NAICS 2007 coded industries. This table compares the NAICS 2012 coded industry to the aggregate value of those industries.

⁴ The scope of economic activity for this NAICS 2012 coded industry is the same as the scope of activity for a NAICS 2007 coded industry. However, the codes assigned to this industry are different under those two versions of NAICS. This table shows only the NAICS 2012 code.

⁵ Includes data for unclassified establishments, not shown separately.

⁶ Data do not meet BLS or State agency disclosure standards.

⁷ Most railroad employees are covered by unemployment programs under the Railroad Retirement Act and thus are not included in this bulletin.

NOTE: Data are final. Detail may not add to total due to rounding.
