## INSTRUCTIONS

### I. HOW IS THE CONSUMER EXPENDITURE DIARY USED?

The Consumer Expenditure Diary Survey is sponsored by the Bureau of Labor Statistics and is used to collect information on household expenditures. Data collected from the Diary enable government agencies and private corporations to:

- Calculate the Consumer Price Index (inflation rate) by identifying current American buying habits
- Help to develop economic policies such as: school programs and retirement benefits

### II. GENERAL INSTRUCTIONS

Use this form to record **all your consumer unit's expenses** for the 7-day period indicated on the front page. Beginning on page 10 there are 6 pages for each day. Record each day's expenses on the appropriate pages under the most appropriate heading. The day should be entered at the top of the page as shown in the example below:

ENTER DAY  
OF THE WEEK ► *Tuesday*

### III. WHO TO INCLUDE (CONSUMER UNIT)

**Record ALL purchases and expenses for the following persons:**

All members of this household

OR

The following persons

The persons listed above are the members of your Consumer Unit (CU).

### IV. BEST TIME TO RECORD

Most people find that keeping the diary is easiest if they record their purchases as soon as they return from the store. Each day, the person who keeps this diary should check with other consumer unit members to obtain their expenditures during that day.

### V. WHAT TO REPORT

Please use this diary to record purchases or expenses, no matter how small or inexpensive they are.

INCLUDE items such as:

- Food for Home Consumption
- Food Away from Home such as costs for all snacks, beverages, and meals purchased at restaurants, carry-outs, vending machines, etc.
- Non Food Items such as clothing, shoes and jewelry, personal care items and services, medicines, and appliances
- Food and non food items purchased as gifts. A gift is any item purchased for someone other than those persons listed as CU members
- Any items rented such as tuxedos, videos, cars, etc.
- Any items purchased by catalog sales or mail orders

DO NOT INCLUDE these items:

- Expenses of CU members while they are away from home overnight
- Business or farm operating expenses
- Sales tax in the cost of the item, except for Food Away from Home

### CREDIT CARD PURCHASES

- If an item is purchased on credit through a charge account, record the full cost of the item on the day it is purchased. Do not record payments made on billing statements for items purchased on credit or through a charge account.

## VI. WHERE AND HOW TO RECORD EXPENSES

The diary is divided by day. Each day of the diary is divided into 5 parts: Food For Home Consumption; Food and Beverages Purchased as Gifts; Food Away From Home; Clothing, Shoes, and Jewelry; and All Other Purchases and Expenses. Within each of these parts there are category headings with examples to help you determine where an item should be recorded. Enter all purchases and other expenses in the most appropriate part on the correct diary day.

In all cases, the item purchased and the cost of the item are needed. Additional information is required in the following categories:

- **Part 1 – Food for Home Consumption.** Record whether the item is fresh, frozen, bottled, canned, or some other type of packaging.
- **Part 2 – Food and Beverages Purchased as Gifts.** Record whether the item is fresh, frozen, bottled, canned, or some other type of packaging.
- **Part 3 – Food Away From Home.** Record whether alcoholic beverages are included in the total cost. Also include tax and tips in the total cost.
- **Part 4 – Clothing, Shoes, and Jewelry.** Specify whether it was purchased for someone outside your Consumer Unit. Also record the code for the age and sex of the person for whom the item was purchased.
- **Part 5 – All Other Purchases and Expenses.** Specify if the item was purchased for someone outside your Consumer Unit.

It is important that you record complete descriptions of each item purchased. Please refer to the examples in part IX on this page which show the amount of information we would like you to record. If you are undecided where to record a purchase, contact your Census Bureau Field Representative.

## VII. ADDITIONAL PAGES

If there is not enough space to record all expenses for a particular day on the lines provided, enter the additional items on pages 52–57. Be sure to specify the day on which the expenses occurred in the column headed "Enter Day of the Week."

## VIII. PICK UP

Thank you for your cooperation. I will return to pick up your completed diary on \_\_\_\_\_. If you have any questions during the week, please feel free to call me.

## IX. EXAMPLES

The following list shows examples of the type of detailed information needed. Please record similar types of detail for all expenditures.
