NOTE: Estimates for the above race groups (White, Black or African American, and Asian) do not sum to totals because data are not shown for all races. People whose ethnicity is identified as Hispanic or Latino may be of any race. Updated population controls are introduced annually with the release of January data. Effective with January 2025 data, industries reflect the introduction of the 2022 Census industry classification system, derived from the 2022 North American Industry Classification System (NAICS). No historical data have been revised. Data for 2025 are not strictly comparable with earlier years. Annual estimates for 2025 are 11-month averages that exclude October. (Data for October 2025 were not collected due to the

federal government shutdown.) As a result, 2025 annual estimates are not strictly comparable with annual averages for other years.
