

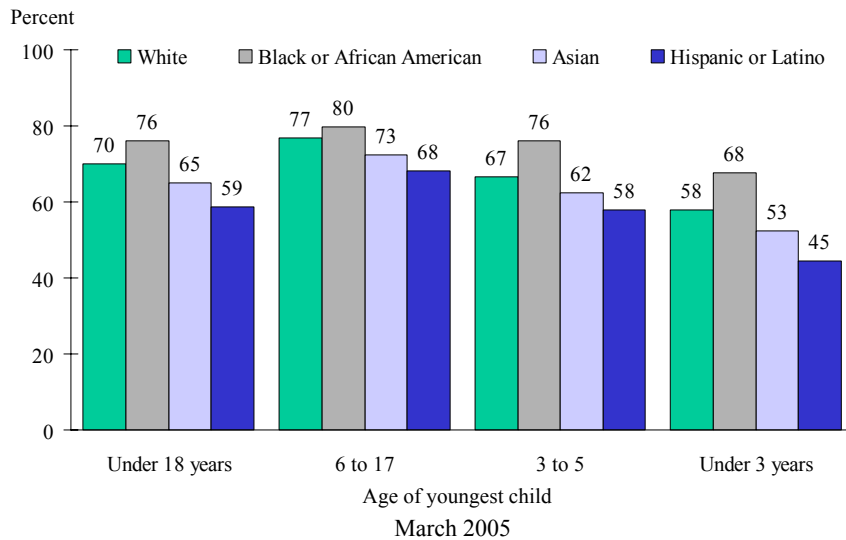

**Chart 6-4. Black mothers have the highest labor force participation rates**

---

**Chart 6-4. Black mothers have the highest labor force participation rates**

---

- In 2005, as in the past, black mothers with children under 18 were more likely than white mothers to be in the labor force—76 percent compared with 70 percent.
- Asian and Hispanic mothers were less likely than either black or white mothers to be labor force participants.
