Mapping and documentation files:

- | | |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| er_description.pdf | - Contains the documentation pertaining to the employment requirements tables data files including their layout |
| SectorPlan30.xlsx | - Industry/Commodity sectoring plan descriptions (note: the summary sectors DO NOT appear in the employment requirements tables). |

Data Folders:

Note: The data folders contain one comma separated values (CSV) file for each year of history. The CSV data has no row or column labels. The sectoring plan file shown above includes the column/row labels necessary to understand the data.

- | | |
|-------------------|--------------------------------------------------------------------------------------------------------------|
| Nominal_DOMEmpReq | - 1997 through 2022 historical nominal (current) dollar based domestic employment requirements tables |
