1 North American Industry Classification System, 2007.

2 GGS employment is the number of jobs related to the production of Green Goods and Services. This table reflects private ownership only.

3 GGS percent is the percentage of the GGS employment compared to the total employment. This value is derived by dividing the GGS employment by the total employment.

4 Source: Quarterly Census of Employment and Wages (QCEW) twelve month average employment ending June 2011.

5 Industries may not add to total because of unclassified employment in the QCEW. The unclassified NAICS sector is not shown separately, but it is included in the total.

6 Data do not meet BLS disclosure standards.

7 Estimate cannot be created due to the conversion from NAICS 2007 to NAICS 2012.

NOTE: Data may not add to total or sub-total due to rounding.
