3.1 Nature of Injury or Illness—Code Titles

The Nature of Injury or Illness code structure is arranged so that traumatic injuries and disorders are listed first (in Division 1) while diseases are listed in Divisions 2 through 9. Division 8 classifies multiple physical characteristics whose individual codes are found in two or more of the following divisions: Systemic Diseases and Disorders; Infectious and Parasitic Diseases; Neoplasms, Tumors, and Cancers; Symptoms, Signs, and Ill-defined Conditions; and Other Diseases, Conditions, and Disorders.

The Nature of Injury or Illness divisions are arranged as follows:
