1 Totals include data for industries not shown separately.

3 Employment is expressed as an annual average and is derived primarily from the BLS-State Quarterly Census of Employment and Wages.

4 Days-away-from-work cases include those that result in days away from work with or without job transfer or restriction.

5 Excludes farms with fewer than 11 employees.

6 Data for mining (Sector 21 in the North American Industry Classification System -- United States, 2002) include establishments not governed by the Mine Safety and Health Administration (MSHA) rules and reporting, such as those in oil and gas extraction and related support activities. Data for mining operators in coal, metal, and nonmetal mining are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded from the coal, metal, and nonmetal mining industries. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore estimates for these industries are not comparable to estimates in other industries.

7 Data for mining operators in this industry are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore estimates for these industries are not comparable to estimates in other industries.

8 Data for employers in rail transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore estimates for these industries are not comparable to estimates in other industries.

9 Fewer than 50 cases.

10 Fewer than 15 cases.

NOTE: Because of rounding, components may not add to totals.

-- Indicates data not available.

- Reissued June 2005. For information see http://www.bls.gov/iif/osh_notice05.htm
