1 Totals include data for industries not shown separately.  
3 Employment is expressed as an annual average and is derived primarily from the BLS-State Covered Employment and Wages program. Employment in private households (SIC 88) is excluded.  
4 Total lost workday cases involve days away from work, or days of restricted work activity, or both.  
5 Days-away-from-work cases include those which result in days away from work with or without restricted work activity.  
6 Excludes farms with fewer than 11 employees.  
7 Data conforming to OSHA definitions for mining operators in coal, metal, and nonmetal mining and for employers in railroad transportation are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor; and the Federal Railroad Administration, U.S. Department of Transportation. Independent mining contractors are excluded from the coal, metal, and nonmetal mining industries.  
8 Fewer than 50 cases.  

NOTE: Because of rounding, components may not add to totals.  
n.e.c. = not elsewhere classified.  
± Indicates data not available.
