

Georgia: Price Movements of Top Exports and Other Highlights

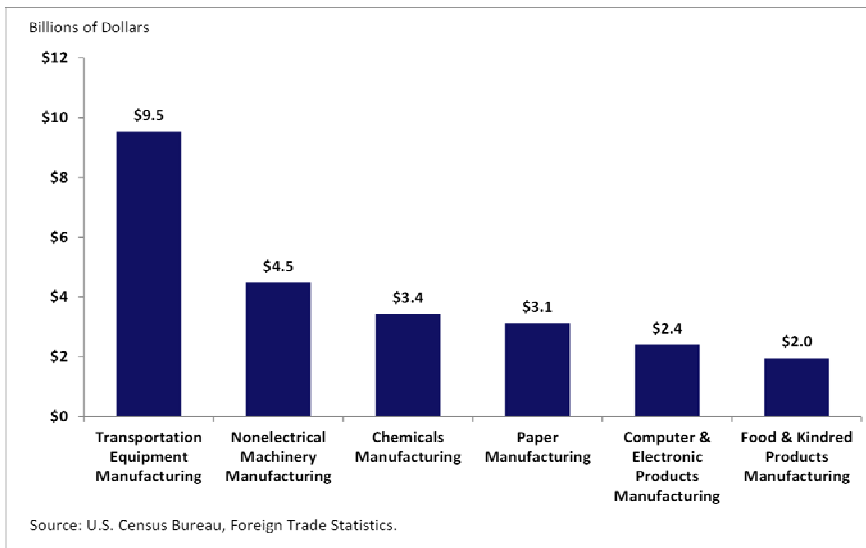

October 2017

www.bls.gov/mxp

Georgia's exports totaled \$35.7 billion in 2016, down 2.1 percent from 2015. Export transportation equipment manufacturing, nonelectrical machinery manufacturing, paper manufacturing prices, and chemical manufacturing prices all rose in the third quarter of 2017. Overall manufacturing export prices rose 1.8 percent.

Top Six Georgia Exports by Trade Dollar Value, 2016

- Georgia's top export industry, transportation equipment manufacturing, accounted for 26.7 percent of the state's total exports by trade dollar.
- Georgia ranked tenth in the United States, with \$9.5 billion, in transportation equipment manufacturing exports.
- In 2016, Georgia ranked first in the United States in exported pulp, paper, and paperboard mills products and accounted for 13.5 percent of the U.S. total.

U.S. Export Price Indexes: Transportation Equipment Manufacturing

- Prices for transportation equipment manufacturing exports advanced 0.2 percent over the past 3 months.
- The main contributor to the transportation equipment manufacturing index, aerospace product and parts manufacturing, drove the 3-month increase advancing 0.4 percent.
- Transportation equipment manufacturing export prices rose 2.1 percent for the 12-month period ended in September.

U.S. Export Price Indexes: Nonelectrical Machinery Manufacturing

- The export price index for nonelectrical machinery manufacturing increased 0.6 percent for the 3 months ended in September.
- Agriculture, construction, and mining machinery manufacturing prices drove the quarterly increase, rising 0.9 percent.
- Export prices for nonelectrical machinery manufacturing increased 0.2 percent over the past 12 months.

U.S. Export Price Indexes: Chemical Manufacturing

- Export chemical manufacturing prices increased 2.4 percent for the quarter ended in September.
- Basic chemical manufacturing export prices, the main component of the index, drove the advance over the 3-month period, rising 3.5 percent.
- Chemical manufacturing export prices rose 1.1 percent over the past year.

U.S. Export Price Indexes: Paper Manufacturing

- The price index for export paper manufacturing advanced 3.1 percent for the 3 months ended in September.
- Prices for paper manufacturing exports advanced 1.1 percent over the past 12 months.
- The over-the-year increase in paper manufacturing was the largest 12-month advance since a 2.6-percent increase in December 2014.
