

Georgia: Price Movements of Top Exports and Other Highlights

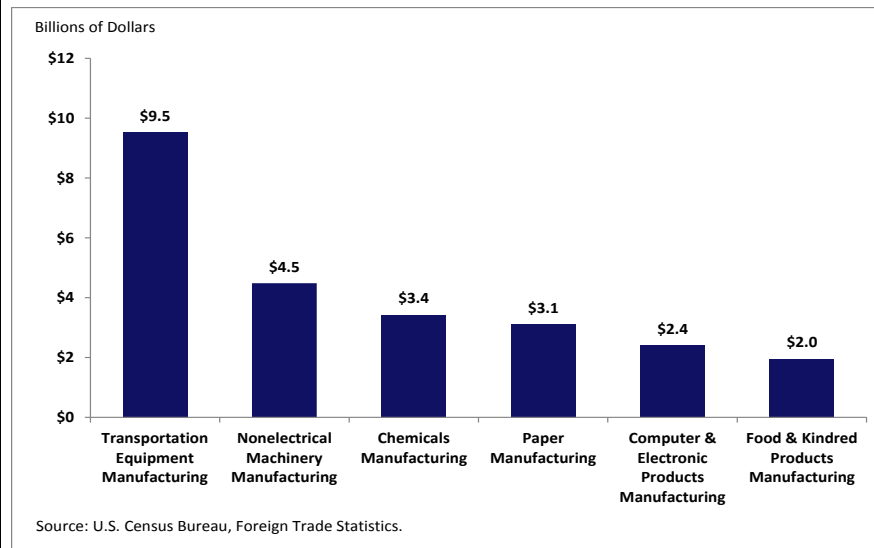

July 2017

www.bls.gov/mxp

Georgia's exports totaled \$35.7 billion in 2016, down 2.1 percent from 2015. Export transportation equipment manufacturing, nonelectrical machinery manufacturing, and paper manufacturing prices all rose in the second quarter of 2017. Chemical prices fell over the same period, declining 0.9 percent.

Top Six Georgia Exports by Trade Dollar Value, 2016

- Georgia's top export industry, transportation equipment manufacturing, accounted for 26.7 percent of the state's total exports by trade dollar.
- Georgia ranked tenth in the United States, with \$9.5 billion, in transportation equipment manufacturing exports.
- In 2016, Georgia ranked first in the United States in exported pulp, paper, and paperboard mills products and accounted for 13.5 percent of the U.S. total.

U.S. Export Price Indexes: Transportation Equipment Manufacturing

- Transportation equipment manufacturing export prices advanced 0.2 percent for the 3-month period ended in June.
- Export transportation equipment manufacturing prices rose 1.8 percent over the past year.
- Prices for export aerospace product and parts manufacturing, the main contributor to the transportation equipment manufacturing index, drove the 12-month increase, rising 3.9 percent.

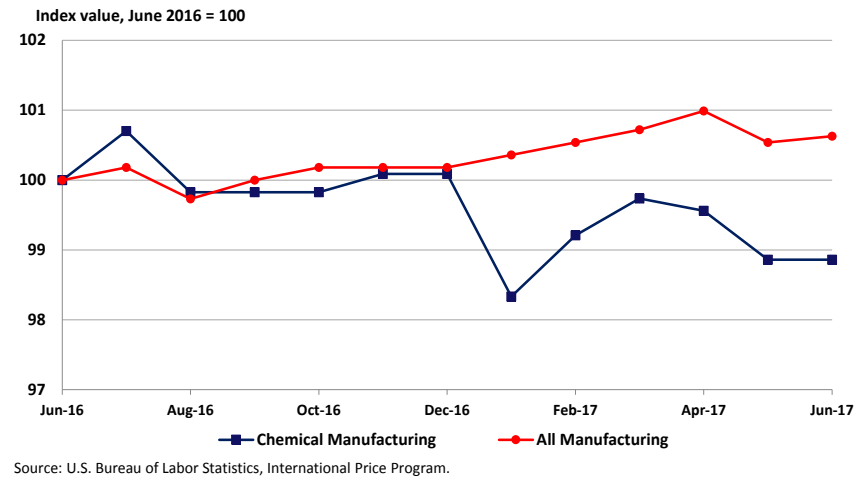

U.S. Export Price Indexes: Nonelectrical Machinery Manufacturing

- Export prices for nonelectrical machinery manufacturing prices rose 0.2 percent over the past 3 months.
- Export engine, turbine, and power transmission equipment manufacturing prices drove the quarterly increase, advancing 0.4 percent.
- Nonelectrical machinery manufacturing export prices decreased 0.6 percent over the past 12 months.

U.S. Export Price Indexes: Chemicals Manufacturing

- Export chemical manufacturing prices fell 0.9 percent for the quarter ended in June.
- Basic chemical manufacturing export prices, the main component of the index, contributed to the 3-month drop, declining 3.1 percent.
- Export prices for chemical manufacturing fell 1.1 percent for the 12-month period ended in June.

U.S. Export Price Indexes: Paper Manufacturing

- Export prices for paper manufacturing increased 1.1 percent between March and June.
- Prices for export paper manufacturing fell 4.1 percent for the 12-month period ended in June.
- Pulp, paper, and paperboard mills prices decreased 9.1 percent for the year, driving the 12-month decline in the export paper manufacturing price index.
