¹ An employee is not entitled to any accrued benefits until satisfying the requirement for 100 percent vesting.

² An employee is entitled to a gradually increasing share of benefits determined by years of service, eventually reaching 100 percent vesting status.

³ Less than 0.05.

⁴ Surveyed occupations are classified into wage categories based on the average wage for the occupation, which may include workers with earnings both above and below the threshold. The categories were formed using percentile estimates generated using data from the National Compensation Survey publication, "Employer Costs for Employee Compensation - March 2014."

Note: Dashes indicate that no data were reported or that data do not meet publication criteria. For definitions of major plans, key provisions, and related terms, see the "Glossary of Employee Benefit Terms" at www.bls.gov/ncs/ebs/glossary20142015.htm.
