## EMPLOYER COSTS FOR EMPLOYEE COMPENSATION – DECEMBER 2009

**Private industry** employers spent an average of \$27.42 per hour worked for total employee compensation in December 2009, the U.S. Bureau of Labor Statistics reported today. Wages and salaries averaged \$19.41 per hour worked and accounted for 70.8 percent of these costs, while benefits averaged \$8.00 and accounted for the remaining 29.2 percent. Total compensation costs for **state and local government** workers averaged \$39.60 per hour worked in December 2009. Total employer compensation costs for **civilian** workers, which include private industry and state and local government workers, averaged \$29.37 per hour worked in December 2009. (See chart 1.)

Employer Costs for Employee Compensation (ECEC), a product of the National Compensation Survey, measures employer costs for wages, salaries, and employee benefits for nonfarm private and state and local government workers.

**Chart 1. Employer costs per hour worked: civilian, private industry, and state and local government workers, December 2009**

Cost per hour worked

**Chart 2. Employer costs per hour worked: paid leave benefit costs by selected occupational groups, private industry, December 2009**

Cost per hour worked

**Private industry** employer costs for paid leave benefits averaged \$1.86 per hour worked. **Private industry** paid leave benefit costs were highest for management, professional, and related occupations, \$4.05 per hour, or 8.4 percent of total compensation, in December 2009. Costs were lowest among service occupations, 58 cents or 4.2 percent of total compensation. (See chart 2 and table 5.) Included in this amount were employer costs for vacations, holidays, sick leave, and personal leave. Paid leave benefit costs are often directly linked to wages; therefore, higher paid occupations or industries will typically show higher estimates for this compensation component.

## Civilian

Civilian employer costs averaged \$2.54 per hour worked for **insurance** benefits (life, health, and disability insurance), or 8.7 percent of total compensation. In addition to insurance, the other benefit categories were: **paid leave** (vacation, holiday, sick leave, and personal leave), which averaged \$2.04 (6.9 percent of total compensation); **supplemental pay** (overtime and premium, shift differentials, and nonproduction bonuses), which averaged 74 cents per hour worked (2.5 percent); **retirement and savings**, which averaged \$1.29 per hour (4.4 percent); and **legally required benefits** (Social Security, Medicare, unemployment insurance, and workers' compensation), which averaged \$2.27 per hour worked (7.7 percent). (See table A and table 1.)

## Private industry

Private industry employer costs for **paid leave** averaged \$1.86 per hour worked (6.8 percent of total compensation), **supplemental pay** averaged 82 cents (3.0 percent), **insurance** benefits averaged \$2.15 (7.8 percent), **retirement and savings** averaged 92 cents (3.4 percent), and **legally required benefits** averaged \$2.25 (8.2 percent) per hour worked. (See table A and table 5.)

## Paid leave costs in private industry

Employer cost for **paid leave** benefits averaged \$2.71 per hour worked for union workers, significantly higher than the \$1.76 per hour average for nonunion workers. (See table 5.)

**Paid leave** costs in goods-producing industries were \$2.08, greater than the average for service-providing industries, \$1.81, in December 2009. The average cost per hour worked for paid leave in service-providing industries ranged from \$3.83 in information to 38 cents in leisure and hospitality. (See table 6.)

Among the nine census divisions, **paid leave** costs ranged from \$2.49 in the New England division to \$1.30 in the East South Central division. (See table 7.)

**Paid leave** costs varied widely by establishment size in private industry. Paid leave costs for establishments with fewer than 100 workers were \$1.26 per hour worked versus \$1.93 for establishments with 100 to 499 employees and \$3.37 with 500 employees or more. (See table 8.)

For information on **paid leave** provisions, see *National Compensation Survey: Employee Benefits in the United States, March 2009*, at <http://www.bls.gov/ncs/ebs/benefits/2009/benefits.htm>.

## Legally required benefits costs in private industry

The average cost for **legally required benefits** was \$2.25 per hour worked in private industry (8.2 percent of total compensation) in December 2009. Legally required benefits costs are often directly linked to wages; therefore, higher paid occupations or industries will typically show higher estimates for this compensation component.

Employer costs for **legally required benefits** varied by occupation, industry, bargaining status, and establishment size. The average cost per hour worked for legally required benefits ranged from \$3.36 per hour worked for management, professional, and related occupations to service occupations at \$1.38 per hour. The proportion of total compensation represented by legally required benefits ranged from 10.2 percent for natural resources, construction, and maintenance workers to 7.0 percent for management, professional, and related workers. (See table 5.)

**Table A. Relative importance of employer costs for employee compensation, December 2009**

Compensation component	Civilian workers	Private industry	State and local government
Wages and salaries	69.8%	70.8%	65.9%
Benefits	30.2	29.2	34.1
Paid leave	6.9	6.8	7.6
Supplemental pay	2.5	3.0	0.8
Insurance	8.7	7.8	11.6
Health benefits	8.2	7.3	11.2
Retirement and savings	4.4	3.4	8.1
Defined benefit	2.6	1.4	7.2
Defined contribution	1.7	2.0	0.8
Legally required	7.7	8.2	6.0

**The Employer Costs for Employee Compensation for March 2010 is scheduled to be released on Wednesday, June 9, 2010, at 10:00 a.m. (EDT).**

Employer Costs for Employee Compensation data on total compensation, wages and salaries, and benefits in private industry are produced annually for 15 metropolitan areas. Metropolitan area data will be included in the March 2010 news release published in June. For further information about metropolitan area ECEC estimates see: “BLS Introduces New Employer Costs for Employee Compensation Data for Private Industry Workers in 15 Metropolitan Areas,” at <http://www.bls.gov/opub/cwc/cm20090921ar01p1.htm>.

Supplemental tables with occupational, establishment size, and bargaining status series for detailed industries are available at <http://www.bls.gov/ncs/ect/sp/ecsuptc.pdf> and <http://www.bls.gov/ncs/ect/sp/ecsuptc13.pdf>.

Relative standard errors for all cost estimates in the most recent news release and supplementary tables are available at <ftp://ftp.bls.gov/pub/special.requests/ocwc/ect/ececrse.pdf> and <http://www.bls.gov/ncs/ect/sp/ecsuptc13.pdf>.

Historical ECEC data are available in three listings, all available at <http://www.bls.gov/ect/#tables>. The first historical listing covers data for the March reference periods from 1986 to 2001. These data use the Standard Industrial Classification (SIC) and Census of Population occupational classification systems. The second listing contains data for the March, June, September, and December reference periods from March 2002 to December 2003. These data are also based on the SIC and Census of Population occupational classification systems. The final listing includes data for March 2004 to the current reference period. These are based on the North American Industry Classification System (NAICS) and Standard Occupational Classification (SOC) systems.

Information in this release will be made available to sensory impaired individuals upon request—Telephone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECEC, are available through an e-mail subscription service at: [www.bls.gov/bls/list.htm](http://www.bls.gov/bls/list.htm).

## TECHNICAL NOTE

Employer Costs for Employee Compensation (ECEC) measures the average cost to employers for wages and salaries and benefits per employee hour worked.

ECEC includes the civilian economy, which includes data from both private industry and state and local government. Excluded from private industry are the self-employed and farm and private household workers. Federal government workers are excluded from the public sector. The private industry series and the state and local government series provide data for the two sectors separately.

The cost levels for this quarter were collected from a probability sample of approximately 64,000 occupations selected from a sample of about 13,400 establishments in private industry and approximately 11,700 occupations from a sample of about 1,800 establishments in state and local government. The private industry sample is rotated over approximately 5 years, which makes the sample more representative of the economy and reduces respondent burden. The state and local government sample, which is replaced less frequently than the private industry sample, was replaced in its entirety in September 2007. The sample is replaced on a cross-area, cross-industry basis. Data are collected for the pay period including the 12<sup>th</sup> day of the survey months of March, June, September, and December.

### Comparing private and public sector data

Compensation cost levels in state and local government should not be directly compared with levels in private industry. Differences between these sectors stem from factors such as variation in work activities and occupational structures. Manufacturing and sales, for example, make up a large part of private industry work activities but are rare in state and local government. Professional and administrative support occupations (including teachers) account for two-thirds of the state and local government workforce, compared with one-half of private industry.

### ECEC quarterly publication focus

ECEC news releases are published quarterly, providing civilian, private industry, and state and local government cost per hour estimates as well as additional detail on a specific compensation cost topic of interest. This quarter focuses on paid leave and legally required benefits costs in private industry.

Topics of news releases for the upcoming reference periods are as follows:

- March 2010—Health benefit costs in private industry
- June 2010—Retirement and savings benefit costs in private industry
- September 2010—Compensation costs in state and local government

### ECEC detailed information and measures

For detailed information on the Employer Costs for Employee Compensation, see *Chapter 8. National Compensation Measures* of the BLS Handbook of Methods at: <http://www.bls.gov/opub/hom/pdf/homch8.pdf>.

**Table 1. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by major occupational and industry group, December 2009**

<sup>1</sup> Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

<sup>2</sup> Includes mining, construction, and manufacturing. The agriculture, forestry, farming, and hunting sector is excluded.

<sup>3</sup> Includes utilities; wholesale trade; retail trade; transportation and warehousing; information; finance and insurance; real estate and rental and leasing; professional and technical services; management of companies and enterprises; administrative and waste services; educational services; health care and social assistance; arts, entertainment and recreation; accommodation and food services; other services, except public administration; and

public administration.

<sup>4</sup> Includes premium pay for work in addition to the regular work schedule (such as overtime, weekends, and holidays).

<sup>5</sup> Cost per hour worked is \$0.01 or less.

<sup>6</sup> Less than .05 percent.

<sup>7</sup> Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

Note: The sum of individual items may not equal totals due to rounding.

<sup>1</sup> This table presents data for the three major occupational groups in State and local government: management, professional, and related occupations, including teachers; sales and office occupations, including clerical workers; and service occupations, including police and firefighters.

<sup>2</sup> Service-providing industries, which include health and educational services, employ a large part of the State and local government workforce.

<sup>3</sup> Includes premium pay for work in addition to the regular work schedule

(such as overtime, weekends, and holidays).

<sup>4</sup> Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

<sup>5</sup> Cost per hour worked is \$0.01 or less.

<sup>6</sup> Less than .05 percent.

Note: The sum of individual items may not equal totals due to rounding.

**Table 4. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by occupational and industry group, December 2009**
