EMPLOYER COSTS FOR EMPLOYEE COMPENSATION – DECEMBER 2015

Employer costs for employee **compensation** for civilian workers averaged \$33.58 per hour worked in December 2015, the U.S. Bureau of Labor Statistics reported today. **Wages and salaries** averaged \$23.06 per hour worked and accounted for 68.7 percent of these costs, while **benefits** averaged \$10.52 and accounted for the remaining 31.3 percent. Total employer compensation costs for **private industry** workers averaged \$31.70 per hour worked in December 2015.

Employer Costs for Employee Compensation (ECEC), a product of the National Compensation Survey, measures employer costs for wages and salaries, and employee benefits for nonfarm private and state and local government workers.

Chart 1. Employer costs per hour worked for supplemental pay: selected major occupational groups, private industry, December 2015

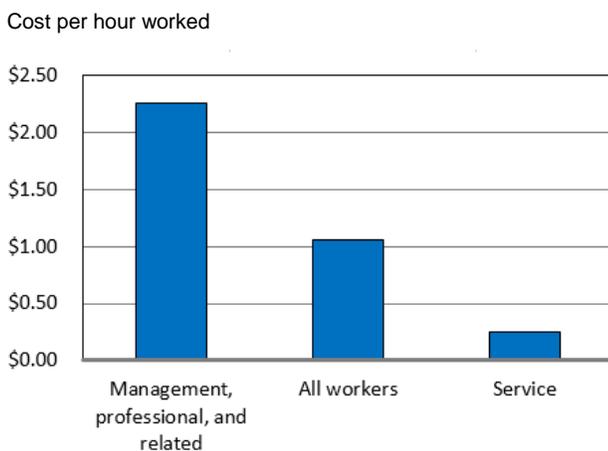

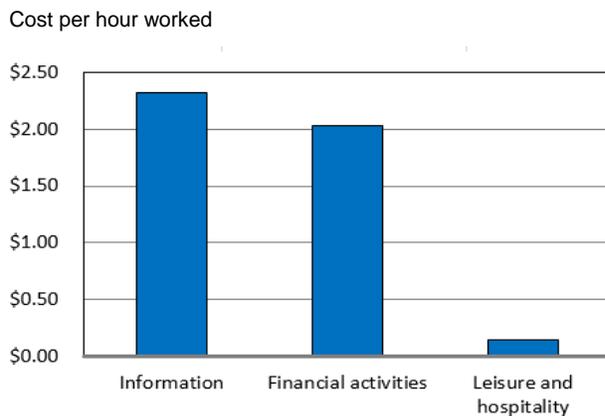

Chart 2. Employer costs per hour worked for supplemental pay: selected major industry groups, private industry, December 2015

Benefit costs in private industry

Private industry employer costs for **paid leave** averaged \$2.18 per hour worked or 6.9 percent of total compensation, **supplemental pay** averaged \$1.06 or 3.3 percent, **insurance** benefits averaged \$2.54 or 8.0 percent, **retirement and savings** averaged \$1.25 or 4.0 percent, and **legally required benefits** averaged \$2.53 per hour worked or 8.0 percent. (See table A and table 5.)

Supplemental pay benefit costs in private industry

Supplemental pay costs for private industry workers in December 2015 averaged \$1.06 per hour worked or 3.3 percent of total compensation. Supplemental pay includes employer costs for employee overtime and premium pay, shift differentials, and nonproduction bonuses.

In December 2015, the largest component of supplemental pay costs for private industry employers were **nonproduction bonuses**, averaging 74 cents per hour worked or 2.3 percent of total compensation. (See table 5.) Nonproduction bonuses are given at the discretion of the employer and are not tied to a production formula. Common nonproduction bonuses include end-of-year and holiday bonuses, referral bonuses, and cash profit sharing. For more information on nonproduction bonus access rates, please see *National Compensation Survey: Employee Benefits in the United States, March 2015* at www.bls.gov/ncs/ebs/benefits/2015/benefits.htm#other.

Overtime and premium pay averaged 26 cents per hour worked in December 2015. Overtime and premium supplemental pay includes pay for work in addition to the regular work schedule. **Shift differentials**, or extra payments for working a non-traditional work schedule, averaged only 6 cents per hour worked. (See table 5.)

Supplemental pay averaged \$1.47 per hour worked for union workers and \$1.02 for nonunion workers. For union workers, the largest supplemental pay component was overtime and premium pay at 90 cents per hour worked. For nonunion workers, nonproduction bonuses was the largest component at 77 cents per hour worked. (See table 5.)

Supplemental pay varied widely by major occupational and industry groups. For major occupational groups, supplemental pay ranged from \$2.26 per hour worked for management, professional, and related workers to 25 cents for service workers. (See chart 1 and table 5.) Major industry groups also showed wide variation for supplemental pay, with information workers averaging \$2.32 per hour worked and financial activities workers averaging \$2.03 compared to 15 cents for leisure and hospitality workers. (See chart 2 and table 6.)

The Middle Atlantic census division showed **supplemental pay** costs at \$2.20 per hour worked while the East South Central census division had costs at 67 cents. (See table 7.) Supplemental pay by establishment employment size ranged from 84 cents per hour worked for under 100 workers compared with \$1.85 for 500 workers or more. (See table 8.) Supplemental pay costs for full-time workers averaged \$1.36 per hour worked versus 24 cents for part-time workers. (See table 11.)

Table A. Relative importance of employer costs for employee compensation, December 2015

Compensation component	Civilian workers	Private industry	State and local government
Wages and salaries	68.7%	69.8%	63.6%
Benefits	31.3	30.2	36.4
Paid leave	6.9	6.9	7.2
Supplemental pay	2.9	3.3	0.8
Insurance	8.8	8.0	11.9
Health benefits	8.3	7.6	11.6
Retirement and savings	5.2	4.0	10.6
Defined benefit	3.3	1.7	9.8
Defined contribution	2.0	2.2	0.8
Legally required	7.6	8.0	5.9

The Employer Costs for Employee Compensation for March 2016 is scheduled to be released on Thursday, June 9, 2016, at 10:00 a.m. (EDT).

Employer Costs for Employee Compensation data on total compensation, wages and salaries, and benefits in private industry are produced annually in the March reference period for 15 metropolitan areas. Selected metropolitan area data were included in the March 2015 news release published in June 2015. For further information about metropolitan area ECEC estimates see: “BLS Introduces New Employer Costs for Employee Compensation Data for Private Industry Workers in 15 Metropolitan Areas,” at www.bls.gov/opub/mlr/cwc/bls-introduces-new-employer-costs-for-employee-compensation-data-for-private-industry-workers-in-15-metropolitan-areas.pdf.

Supplemental tables with occupational, establishment size, and bargaining status series by industry group are available at www.bls.gov/ncs/ect/sp/ecsuhst.pdf and www.bls.gov/ncs/ect/sp/ecsuptc37.pdf.

Relative standard errors for all cost estimates in the most recent news release and supplementary tables are available at www.bls.gov/ncs/ect/sp/ececrse.pdf and www.bls.gov/ncs/ect/sp/ecsprse.pdf.

Historical ECEC data are available in three listings, all available at www.bls.gov/ect/#tables. The first historical listing covers data for the March reference periods from 1986 to 2001. These data use the Standard Industrial Classification (SIC) and Census of Population occupational classification systems. A second listing contains data for the March, June, September, and December reference periods from March 2002 to December 2003. These data are also based on the SIC and Census of Population occupational classification systems. The most recent listing includes data for March 2004 to the current reference period. These are based on the North American Industry Classification System (NAICS) and Standard Occupational Classification (SOC) systems.

Information in this release will be made available to sensory impaired individuals upon request—Telephone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECEC, are available through an e-mail subscription service at: www.bls.gov/bls/list.htm.

TECHNICAL NOTE

Employer Costs for Employee Compensation (ECEC) measures the average cost to employers for wages and salaries and benefits per employee hour worked. ECEC includes the civilian economy, which includes data from both private industry and state and local government. Excluded from private industry are the self-employed and farm and private household workers. Federal government workers are excluded from the public sector. The private industry series and the state and local government series provide data for the two sectors separately.

Sample size

The ECEC cost levels for this quarter were collected from a probability sample of approximately 29,200 occupations selected from a sample of about 6,900 establishments in private industry and approximately 8,800 occupations from a sample of about 1,500 establishments in state and local government.

Comparing ECEC and Employment Cost Index (ECI) data

Current employment weights are used to calculate ECEC cost levels. The weights are derived from the Quarterly Census of Employment and Wages (QCEW) and the Current Employment Statistics (CES). The ECI, which measures the change in employer costs for employee compensation, is calculated with fixed 2012 employment counts to prevent employment shifts among occupations and industries from influencing the changes. Therefore, changes over time in the ECEC will likely differ from those in the ECI. For additional information, see www.bls.gov/opub/mlr/cwc/explaining-the-differential-growth-rates-of-the-eci-and-ecec.pdf.

Comparing private and public sector data

Compensation cost levels in state and local government should not be directly compared with levels in private industry. Differences between these sectors stem from factors such as variation in work activities and occupational structures. Manufacturing and sales, for example, make up a large part of private industry work activities but are rare in state and local government. Professional and administrative support occupations (including teachers) account for two-thirds of the state and local government workforce, compared with one-half of private industry.

ECEC quarterly publication focus

ECEC news releases are published quarterly, providing civilian, private industry, and state and local government cost per hour estimates as well as additional detail on a specific compensation cost topic of interest. This quarter focuses on supplemental pay benefit costs in private industry. Topics of news releases for the upcoming reference periods are as follows:

- March 2016—Health benefit costs in private industry
- June 2016—Retirement and savings costs in private industry

ECEC detailed information and measures

For detailed information on the Employer Costs for Employee Compensation, see Chapter 8, National Compensation Measures of the *BLS Handbook of Methods* at www.bls.gov/opub/hom/pdf/homch8.pdf.

Table 1. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by major occupational and industry group, December 2015

¹ Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

² Includes mining, construction, and manufacturing. The agriculture, forestry, farming, and hunting sector is excluded.

³ Includes utilities; wholesale trade; retail trade; transportation and warehousing; information; finance and insurance; real estate and rental and leasing; professional and technical services; management of companies and enterprises; administrative and waste services; educational services; health care and social assistance; arts, entertainment and recreation; accommodation and food services; other services, except public administration; and public administration.

⁴ Includes premium pay (such as overtime, weekends, and holidays) for work in addition to the regular work schedule.

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

⁷ Social Security refers to the Old-Age, Survivors, and Disability Insurance (OASDI) program.

Note: The sum of individual items may not equal totals due to rounding.

Table 2. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by occupational and industry group, December 2015

Series	Total compensation	Wages and salaries	Benefit costs

¹ This table presents data for the three major occupational groups in State and local government: management, professional, and related occupations, including teachers; sales and office occupations, including clerical workers; and service occupations, including police and firefighters.

² Service-providing industries, which include health and educational services, employ a large part of the State and local government workforce.

³ Includes premium pay (such as overtime, weekends, and holidays) for work in addition to the regular work schedule.

⁴ Social Security refers to the Old-Age, Survivors, and Disability Insurance (OASDI) program.

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

Note: The sum of individual items may not equal totals due to rounding.

Table 4. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by occupational and industry group, December 2015

Series	Total compensation	Wages and salaries	Benefit costs					
			Total	Paid leave	Supplemental pay	Insurance	Retirement and savings	Legally required benefits
