EMPLOYMENT COST INDEX – September 2017

Compensation costs for civilian workers increased 0.7 percent, seasonally adjusted, for the 3-month period ending in September 2017, the U.S. Bureau of Labor Statistics reported today. **Wages and salaries** (which make up about 70 percent of compensation costs) increased 0.7 percent, and **benefits** (which make up the remaining 30 percent of compensation) increased 0.8 percent. (See chart 1 and tables A, 1, 2, and 3.)

Chart 1. Three-month percent change, seasonally adjusted, civilian workers, compensation

Chart 2. Twelve-month percent change, not seasonally adjusted, civilian workers, wages and salaries and benefits

Civilian Workers

Compensation costs for civilian workers increased 2.5 percent for the 12-month period ending in September 2017. In September 2016, compensation costs increased 2.3 percent. **Wages and salaries** increased 2.5 percent for the 12-month period ending in September 2017 and increased 2.4 percent for the 12-month period ending in September 2016. **Benefit costs** increased 2.4 percent for the 12-month period ending in September 2017. In September 2016, the increase was 2.3 percent. (See chart 2 and tables A, 4, 8, and 12.)

Hurricanes Harvey and Irma

Hurricanes Harvey and Irma had minimal impact on data collection in the September 2017 reference period. For further information on how recent hurricanes impacted survey response, see www.bls.gov/bls/hurricanes-harvey-irma-maria.htm.

Private Industry Workers

Compensation costs for private industry workers increased 2.5 percent over the year. In September 2016, the increase was 2.3 percent. **Wages and salaries** increased 2.6 percent for the current 12-month period. In September 2016, the increase was 2.4 percent. The cost of **benefits** rose 2.4 percent for the 12-month period ending in September 2017, higher than the 1.8 percent increase in September 2016. (See charts 3 and 4 and tables A, 5, 9, and 12.)

Chart 3. Twelve-month percent change, not seasonally adjusted, private industry, benefits and health benefits

Chart 4. Twelve-month percent change, not seasonally adjusted, private industry, wages and salaries and benefits

Employer costs for **health benefits** increased 1.1 percent for the 12-month period ending in September 2017. (For further information, see www.bls.gov/web/eci/echealth.pdf.)

Among **occupational groups**, compensation cost increases for private industry workers for the 12-month period ending in September 2017 ranged from 2.3 percent for management, professional, and related occupations to 3.2 percent for production, transportation, and material moving occupations. (See table 5.)

Among **industry supersectors**, compensation cost increases for private industry workers for the 12-month period ending in September 2017 ranged from 1.9 percent for education and health services to 3.4 percent for leisure and hospitality. (See table 5.)

State and Local Government

Compensation costs for state and local government workers increased 2.4 percent for the 12-month period ending in September 2017. In September 2016, the increase was 2.6 percent. **Wages and salaries** increased 2.0 percent for the 12-month period ending in September 2017, the same as the September 2016 increase. **Benefit costs** increased 3.0 percent for the 12-month period ending in September 2017, less than the prior year's increase of 3.7 percent. (See chart 5 and tables A, 7, 11, and 12.)

Chart 5. Twelve-month percent change, not seasonally adjusted, state and local government, wages and salaries and benefits

**The Employment Cost Index for December 2017 is scheduled for release on
Wednesday, January 31, 2018, at 8:30 a.m. (EST).**

Information in this release will be made available to sensory impaired individuals upon request—
Voice phone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECI, are available through an email subscription service at
www.bls.gov/bls/list.htm.

TECHNICAL NOTE

The Employment Cost Index (ECI) measures the change in the cost of labor, free from the influence of employment shifts among occupations and industries. Detailed information on survey concepts, coverage, methods, nonresponse adjustment, and imputation can be found in the *BLS Handbook of Methods*, Chapter 8, “National Compensation Measures,” at www.bls.gov/opub/hom/pdf/homch8.pdf.

Sample size

Data for the September 2017 reference period were collected from a probability sample of approximately 27,500 occupational observations selected from a sample of about 6,700 private industry establishments and approximately 8,100 occupational observations selected from a sample of about 1,400 state and local government establishments that provided data at the initial interview.

Standard errors

To assist users in ascertaining the reliability of Employment Cost Index (ECI) series, standard errors of all current quarter estimates except seasonally adjusted series are made available shortly after publication of the news release. Standard errors provide users a measure of the precision of an estimate to ensure that it is within an acceptable range for their intended purpose. For further information see www.bls.gov/ncs/ect/ectvar.htm.

Historical listings

Historical listings that provide all ECI data are available at www.bls.gov/ect/#tables. Included among these listings is one that provides continuous occupational and industry series. This listing uses the Standard Industrial Classification Manual and Occupational Classification System series through 2005 and the North American Industry Classification System and Standard Occupational Classification from 2006 to the present. It provides the official series from the beginning of the ECI in 1975 through the current quarter. For more information on the criteria used in defining continuous series, see the article published in the *Monthly Labor Review* at www.bls.gov/opub/mlr/2006/04/art2full.pdf.

Employer Costs for Employee Compensation data

The costs per hour worked of compensation components are published in a separate news release titled "Employer Costs for Employee Compensation" (ECEC). These releases are issued 3 months after the reference period. The ECEC release dates are available at www.bls.gov/schedule/2017/home.htm. Historical ECEC data are available in summary documents at www.bls.gov/ect/#tables. Since the ECEC is calculated with current employment weights rather than the fixed weights used in computing the ECI, year-to-year changes in the cost levels usually differ from those in the ECI. For additional information on the use of fixed employment weights in computing the ECI, see www.bls.gov/opub/mlr/2016/article/introducing-2012-fixed-employment-weights-for-the-employment-cost-index.htm.
