Now I would like to ask you some questions about child care. These questions will ask about the arrangements used to care for your child/children during a typical week over the past 12 months. By a typical week over the past 12 months, I mean a week in which your schedules for work, school, training, and child care were what you consider to be normal. I will ask you only about the child care used while you were at work, school, or in training.
