

MONTHLY LABOR REVIEW

Volume 132, Number 4
April 2009

Trends in labor force flows during recent recessions 3

Changes in the patterns of individuals' labor force status flows during the current recession show both similarities with and differences from changes in past recessions

Harley Frazis and Randy Ilg

Business employment dynamics: tabulations by size of employment change 19

Data from BLS allow for analysis of the distributions of gross job gains and losses by size of employment change

Sheryl L. Konigsberg, James R. Spletzer, and David M. Talan

China's manufacturing employment and compensation costs: 2002–06 30

Employment and compensation costs in China's manufacturing sector increased rapidly, but remain lower than in developed economies

Erin Lett and Judith Banister
