

# MONTHLY LABOR REVIEW

---

Volume 135, Number 9

September 2012

## **Wife's employment and allocation of resources in families with children** 3

BLS data are used to determine whether working-mother families allocate their resources differently than families in which the mother does not work for pay

*Ann C. Foster and Craig J. Kreisler*

## **The behavior of the Producer Price Index in a global economy** 14

The results of a new approach to analyzing the relationship between industry prices and globalization levels are presented

*Maureen P. Doherty*

## **Job openings and hires continue to show modest changes in 2011** 28

Labor market increases continued to be modest during the year while total separations remained at or near historic lows

*Guy L. Podgornik*

## **Departments**
