Projections of the labor force to 2050: a visual essay 3

Mitra Toossi

Which layoffs—and which laid-off workers—are in the Mass Layoff Statistics? 17

MLS-surveyed employers tend to be larger, pay higher wages, and have larger employment declines, and MLS workers are older, more likely to file for unemployment, and collect it longer

Elizabeth Weber Handwerker and Lowell G. Mason

Unemployment Insurance participation by education and by race and ethnicity 28

Racial and ethnic minorities and those with less education have different experiences with the unemployment insurance program than White non-Hispanics and the highly educated

Alix Gould-Werth and H. Luke Shaefer

Current Employment Statistics seasonal adjustment and the 2007–2009 recession 42

An analysis of a number of experimental data series reveals that the recession did not create any bias in the factors that are used in seasonal adjustment

Jurgen Kropf and Nicole Hudson
