Bartenders
Mix and serve drinks to patrons, directly or through waitstaff.

Cognitive and mental requirements
The qualifications that workers need to use judgment, make decisions, interact with others, and adapt to changes in jobs.

In 2021, work was reviewed by a supervisor more than once per day for 55.4 percent of bartenders, and once per day for 34.0 percent.

Education, training, and experience requirements
The minimum level of formal education required, credentials necessary, on-the-job training, and prior work experience necessary for average performance in jobs.

In 2021, credentials were required for 44.6 percent of bartenders. Prior work experience was required for 43.8 percent, and on-the-job training was required for 96.5 percent.

No minimum education was required for 72.2 percent of bartenders.

Chart 1. Percentage of bartenders by specific preparation time (SVP) level, 2021

Environmental conditions
The various tangible or concrete hazards or difficulties that are in the vicinity of where jobs' critical tasks are performed.

In 2021, 80.8 percent of bartenders were not exposed to extreme cold, and 99.5 percent were not exposed to extreme heat. Wetness was not present for 8.0 percent, 100.0 percent were not exposed to heavy vibrations, and 68.1 percent were not exposed to the outdoors.

Physical demands
Refer to the physical activities required to perform tasks in jobs. The presence and, in some cases, duration of these activities are published.

In 2021, reaching at or below the shoulder was required for 92.9 percent of bartenders. For 4.3 percent of workers reaching at or below the shoulder was seldom performed, for 53.3 percent reaching at or below the shoulder occurred occasionally, and 34.3 percent frequently.

Performing work in low postures was required for 85.7 percent of bartenders. For 30.6 percent of workers, stooping was required to perform low work.

On average, bartenders spent 1.5 percent of the workday sitting and 98.5 percent of the workday standing.
