

Cognitive Question Definitions:

People Skills – The ability to listen, communicate, and relate to others.

Basic – Workers often work alone, or usually are only expected to engage in simple, brief work-related communication and to treat others with respect.

Crowds – A situation in which a lot of unfamiliar people are present considering the space available, movement is restricted, and a certain level of disorganization is present.

Pause Control (Ability to step away) – Workers have the ability to step away from their work area easily outside of scheduled breaks.
