All items (1967 = 100)	(R) 700.855								679.030			

(1) This index series was calculated using a Laspeyres estimator. All other item stratum index series were calculated using a geometric means estimator.

(2) Index on a December 1982=100 base.

(3) This index series was formerly titled Gas (piped) and electricity.

(4) Index on a December 1997=100 base.

(R) Revised

Note: The Consumer Price Index (CPI) measures changes in prices of all goods and services purchased for consumption by urban households. The indexes for food at home, energy, and shelter are compiled monthly for Dallas-Fort Worth and Houston. Full surveys, which produce the All Items Indexes and major components, are compiled every two months. These full surveys are published for the odd-numbered months for Dallas-Fort Worth and for the even-numbered months for Houston.
