All items (1967 = 100)	942.307				961.232				–			

(1) Dallas indexes on a February 1978=100 base. Houston indexes on an April 1978=100 base.

(2) Indexes on a December 1982=100 base.

(3) Indexes on a December 1997=100 base.

Note: The CPI measures changes in prices of all goods and services purchased for consumption by urban households. The indexes for food at home, energy, and shelter are compiled monthly for the Dallas and Houston areas. Full surveys, which produce the All Items Indexes and major components, are compiled every two months. These full surveys are published for the odd-numbered months for Dallas and for the even-numbered months for Houston.
