NOTE: State and area data are currently estimated from 2024 benchmark levels. When more recent benchmark data are introduced with the release of January 2026 estimates, unadjusted data from April 2024 are subject to revision. Area delineations are based on Office of Management and Budget Bulletin No. 23-01, dated July 21, 2023, and are available on the BLS website at <https://www.bls.gov/lau/lausmsa.htm>. Some metropolitan areas lie in two or more states. They are listed under the state that appears first in their titles. Some divisions lie in more than one state, and some, like Camden, NJ, are totally outside the states under which their metropolitan areas are listed. For Atlanta-Sandy Springs-Roswell, GA, the metropolitan area and division titles are identical.
