<sup>1</sup> Area boundaries do not reflect official OMB definitions.  
P = preliminary.

NOTE: State and area data are currently estimated from 2010 benchmark levels. When more recent benchmark data are introduced with the release of January 2012 estimates, unadjusted data from April 2010 are subject to revision. Area definitions are based on Office of Management and Budget Bulletin No. 10-02, dated December 1, 2009, and are available at [www.bls.gov/lau/lausmsa.htm](http://www.bls.gov/lau/lausmsa.htm) and in the

May issue of *Employment and Earnings*. Areas in the six New England states are Metropolitan New England City and Town Areas (NECTAs), while areas in other states are county-based. Some metropolitan areas lie in two or more states. They are listed under the state that appears first in their titles. Davenport-Moline-Rock Island, Iowa-Ill. is the exception in that it is listed under Illinois for operational reasons.
