1 Includes mining and logging, information, and other services (except public administration), not shown separately.

2 Mining and logging is combined with construction.

3 This series is not published seasonally adjusted because the seasonal component, which is small relative to the trend-cycle and irregular components, cannot be separated with sufficient precision.

NOTE: Data are counts of jobs by place of work. Data have been revised to reflect 2011 benchmarks and updated seasonal adjustment factors. Seasonally adjusted data from January 1990 are subject to revision. Estimates subsequent to the current benchmark are preliminary and will be revised when new information becomes available.
