#### **Current Employment Statistics Summary, June 2025**

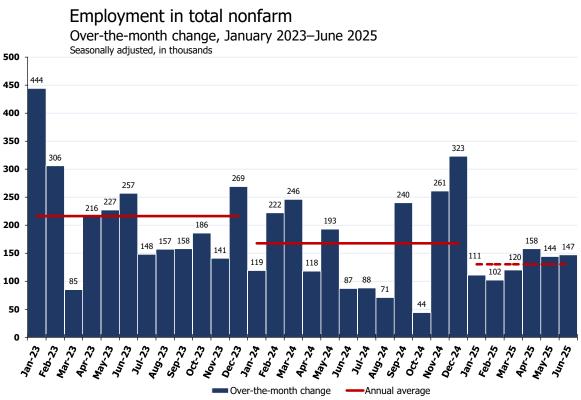

Nonfarm payroll employment rose by 147,000 in June, in line with its prior 12-month average monthly gain of 146,000. Job gains occurred in state government and health care. Federal government continued to lose jobs.

The total nonfarm employment change for April revised up from +147,000 to +158,000, and the change for May revised up from +139,000 to +144,000. On net, employment over these months is 16,000 higher than previously reported.

In June, average hourly earnings of all employees on private-sector payrolls rose by 8 cents, or 0.2 percent. Over the year, average hourly earnings have increased by 3.7 percent. In June, average weekly hours of all employees edged down 0.1 hour to 34.2 hours.

#### +73,000 Government

Employment in government rose by 73,000 in June. State government added 47,000 jobs, largely in education (+40,000). Employment in local government education continued to trend up (+23,000). Federal government employment continued to decline in June (-7,000) and is down by 69,000 since reaching a peak in January.

Bureau of Labor Statistics, Current Employment Statistics, July 03, 2025. Most recent 2 months of data are preliminary.

#### +51,000 Private Education and Health Services

Health care added 39,000 jobs in June, similar to its average monthly gain of 43,000 over the prior 12 months. In June, job gains occurred in hospitals (+16,000) and in nursing and residential care facilities (+14,000).

In June, employment in social assistance continued to trend up (+19,000), reflecting
